

Remarks/Arguments:

The above Amendments and these Remarks are in reply to the Office Action mailed March 11, 2008.

Claims 11-22 are rejected under 35 U.S.C. 103(a) as being unpatentable over Darugar (U.S. Publication No.: 2003/0018661) in view of Vedula (U.S. Patent No.: 6,823,495).

Claims 11, 15 and 19 have been amended to include the feature that “the second XML data has the same shape as the JAVA data, such that the second XML data and JAVA data are laid out and structured in the same way”. This feature is not shown or made obvious by the cited prior art.

In light of the above, it is respectfully submitted that all of the claims now pending in the subject patent application should be allowable, and a Notice of Allowance is requested. The Examiner is respectfully requested to telephone the undersigned if he can assist in any way in expediting issuance of a patent.

The Commissioner is authorized to charge any underpayment or credit any overpayment to Deposit Account No. 06-1325 for any matter in connection with this response, including any fee for extension of time, which may be required.

Respectfully submitted,

Date: March 24, 2008
